

Georgian National University SEU – Study MBBS in Georgia's Top Medical University

If you're planning to study MBBS abroad, [Georgian National University SEU](#) is among the most trusted choices in Europe. Located in the heart of Tbilisi, SEU University Georgia offers modern medical education with international recognition and advanced infrastructure. Students from India, Africa, and several Asian countries prefer **SEU Georgia** for its English-medium MBBS program and global career scope.

Why Choose SEU Georgian National University?

1. Globally Recognized Medical Degree

SEU University is approved by WHO, NMC (India), ECFMG (USA), WFME, and FAIMER. This recognition enables graduates to apply for licensing exams like FMGE (India), USMLE (USA), PLAB (UK), and more. The [Georgian National University SEU world ranking](#) is improving steadily, making it a top destination for international MBBS aspirants.

2. Affordable Fee Structure and Cost of Living

The [Georgian National University SEU fee structure](#) is highly affordable. The average MBBS tuition fee is USD 5,000–6,000 per year, and the living cost in Tbilisi ranges between USD 200–400/month. You can also apply for scholarships based on merit or financial need.

3. Modern Campus and Practical Learning

SEU's modern campus includes advanced labs, robotic surgical systems, simulation training tools, 3D anatomage tables, and a teaching hospital. These facilities give students practical exposure from year three itself. Many **Georgian National University SEU photos** showcase a vibrant and modern educational environment that rivals top European institutions.

Academic Excellence at SEU University Georgia

MBBS Program Highlights:

- **Duration:** 6 years (5 academic + 1 clinical internship)
- **Medium:** 100% English
- **Clinical Exposure:** Starts from 3rd year at hospitals with over 5,000+ beds
- **Curriculum:** Updated with Kaplan and Amboss references
- **Faculty:** Experienced and internationally trained professors

Unlike traditional theoretical systems, **SEU University Georgia** focuses on hands-on training, small-group sessions, and modern teaching methods.
